

AISHWARYA SUBHASH SUVARNA

EDUCATION

SIES College of Management Studies

M.C.A. - Computer Applications — CGPA: 7.75/10.00

2021 - 2023

Navi Mumbai, India

Vidyalankar School of Information Technology

B.Sc. - Information Technology — CGPA: 7.43/10.00

2018 - 2021

Mumbai, India

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, Node.js, Java, Dart, HTML, CSS, Basic C#

Frameworks & Libraries: Angular, React, Flutter, Spring Boot, Basic ASP.Net

Database Management: Microsoft SQL Server, MySQL, MongoDB, SQL Queries, Stored Procedures

Tools & Platforms: Git, Bitbucket, NetSuite, Pentaho, RESTful API Integration

PROJECTS

Seeker — Full-Stack Search Engine

Sep 2022 – Dec 2022

Tech Stack: Python, Flask, ReactJS, HTML, CSS

- Built a full-stack search engine featuring a custom web crawler, indexer, and ranked retrieval system using Python (Flask) and ReactJS.
- Engineered a web scraping pipeline to collect and structure website data into a searchable database.
- Led a team of 3 through full SDLC — from architecture design and task allocation to final deployment.

APT — Your Personal Trainer

Jun 2022 – Aug 2022

Tech Stack: Dart, Flutter, Android Studio, TensorFlow Lite (Machine Learning)

- Developed a Flutter/Dart mobile app leveraging single-person pose estimation (ML model) to provide real-time exercise effectiveness feedback.
- Implemented on-device TensorFlow Lite inference for low-latency pose detection without requiring a network connection.
- Collaborated in a team of 3 across design, development, and testing phases.

WORK EXPERIENCE

Jr. Software Developer / Technical Consultant

Nov 2023 – Aug 2025

Ventus Infotech Pvt. Ltd. (Softype Inc.) — Mumbai, India

- Developed 10+ custom NetSuite SuiteScript 2.0 modules — Client Scripts, User Event Scripts, Suitelets, and Map/Reduce scripts — to automate core business workflows and tailor the ERP to client requirements.
- Engineered advanced PDF/HTML templates for invoices, purchase orders, and receipts with structured tax breakdowns, standardizing transactional document output across multiple client accounts.
- Automated record validations and field-level updates using custom workflows and scripting, reducing manual data-entry errors and improving processing accuracy.
- Built and deployed a cross-platform **Flutter** mobile application integrated with NetSuite via secure RESTful POST requests, enabling mobile access to critical ERP features.
- Designed RESTful API integrations connecting NetSuite with third-party systems, enabling real-time bidirectional data synchronization and external data ingestion.
- Refactored and optimized legacy SuiteScript codebases, achieving measurable improvements in page load performance and long-term maintainability.

Software Developer Intern (SDE Intern)**Jan 2023 – Jul 2023***CRISIL Ltd. — Mumbai, India*

- Developed 5+ **Angular** data visualization screens from wireframes, implementing drill-down interactivity for multi-category BI reporting.
- Streamlined data analysis and ETL procedures in the BI platform, achieving a **20% reduction in processing time**.
- Deployed and validated reports in the UAT environment, identifying and resolving complex frontend defects pre-release to ensure production stability.
- Designed report tables with dynamic filters, input validation, and clean visualization techniques to improve data readability for end users.

CERTIFICATIONS

Google Data Analytics — Foundations: Data, Data, Everywhere**Sep 2021**

Score: 97.28/100 — Skills: SQL, Data Analysis, Spreadsheets, Tableau, Data Visualization, R Programming

The Complete Web Development Bootcamp — Udemy**Aug 2023**

Skills: HTML, CSS, JavaScript, Node.js, React, MongoDB, REST APIs

Introduction to Programming in Python — Microsoft Technology Associate (MTA)**Jan 2020**

Skills: Python, Data Types, Control Flow, Modules, Raspberry Pi, Arduino

NPTEL Cloud Computing — Elite Certificate**Jul – Oct 2022**

Score: 68% (Elite) — Skills: Cloud Architecture, Security, Resource Management, Data Management

EXTRACURRICULAR

Deepshika, A Trust for Cancer Care**4 Feb, 2023**

Participated in a Cancer Patients' Support Walkathon
